

COMPASS POINTS

After earning the Webelos badge, a Webelos Scout may earn the compass points emblem. It is awarded after the Webelos earns four more activity badges in addition to the three he had earned for the Webelos badge. This is a total of seven activity badges. The compass points emblem is worn attached to the button on the right pocket of the Webelos uniform shirt.

After the compass points emblem is earned, the Webelos Scout may earn a metal compass point for each four additional activity badges he earns. There is a maximum number of 3 metal compass points that may be earned. (This makes a total of 16 activity badges beyond the 3 required for the Webelos badge to earn all parts of the compass points emblem and its 3 metal compass points.)
